

# Welcome

Witt Lowry

Yeah  
I've had a lot on my mind  
I've had a lot on my chest  
I wear my heart on my sleeve  
I wear my hurt like a vest  
Work every day of the week  
Mmm, they told me I needed some rest  
Want 'em to mention my name  
Whenever they mention the best  
Damn, I feel so good to be back  
The one and only, had to take a step back, so I could learn it  
in depth  
I'm callin' Dan, callin' John and then Matt  
To tell 'em all I put their bets on me with every cent that the  
y have  
You hear that detail in that instrumental?  
Spill out my whole entire soul, for me that's fundamental  
We put in work, that's why we're here, was never accidental  
It's time to see what we can find inside my fuckin' mental  
Welcome back
