Wiz Khalifa

[Intro]

[Hook - Wiz Khalifa]

When I pull up people so fresh in my ride
We smoke the best you can buy
Them niggas talking it but they just don't go harder than us
Keep stuntin' just cause I can
These hoes know just who I am
Them niggas talking it but they just don't go harder than us

[Verse 1 - Wiz Khalifa]

Uh, This one's for the g's, all black chucks on the cuffs on my jeans
King size papers stuffed full of trees, I be with the boss dawg yall fuck niggas fleas
Now they say I'm hot hundred something degrees, taking pictures with a young nigga cheese
Remember days homey, I ain't had a thing
Now I'm hopping off the plane putting roaches on the wing
And my hoes like queens, but we smoke like fiends
Jewelery froze like bling, money come fast you're slow like lean
Rolling up grass, so weed to half a stack, so I know I'm gonna fast
Third period, Showing up last with a late note blowing grey smoke

[Hook - Wiz Khalifa]

When I pull up people so fresh in my ride
We smoke the best you can buy
Them niggas talking it but they just don't go harder than us
Keep stuntin' just cause I can
These hoes know just who I am
Them niggas talking it but they just don't go harder than us

Stuck in the hallway, we pass he say dog he just smoke all day
It's a mind game, like the lean I seen to keep migranes

I'm so lifted, like a parachute
My grass, they off they all Ferris Beuller
Slip away, dip away, almost had to throw a zip away
But fuck that, this the taylor gang, what you want dog Shit I'm on everythan g

[Hook - Wiz Khalifa]
