

# A Helping Hand

Wiz Khalifa

Call me up, all times of night  
Rolling up, in the morning light  
Come and get me right  
Come and give me life  
Come and get me right  
Come and give me life

Hardly at home, I'm probably on some marijuana  
Party in my room, we can do shrooms if you wanna  
Probably catch contact if you don't smoke, I be rolling  
She don't ever hold back  
Her friends say she acting crazy, tryna control her  
Party on the weekend, during the week she's stone-cold sober  
Told me she ain't high enough  
Take two puffs, she getting closer  
I got 'em holding their noses  
I got a flow that's ferocious  
Whatever you say, whatever you want

I'm putting that pressure on 'em  
Ain't stuck in my place, I'm seeing the top  
So I'm 'bout to level up  
I don't like the pack then I bring it back  
Say "Bring a better one"  
These niggas just talk, that's really all cap  
That's shit that they've never done  
My team in the front and they in the back  
I'm always ahead of them

You ain't even know how to but I'ma teach you how to roll  
I don't leave home without you, I take you anywhere I go  
I don't hang around too many people, keep my circle close  
I be rolling up that weed by two's, I need an extra dose  
Taking shrooms, now you in the mood  
Got you going through emotions  
Any time I roll a perfect joint I probably post it  
Girl, I'm the king of my culture  
Pothead with a lot of bread  
Tell your girls bring comfy clothes, they sleeping over

Call me up, all times of night  
Rolling up, in the morning light  
Come and get me right  
Come and give me life  
Come and get me right  
Come and give me life

I'm putting that pressure on 'em  
Ain't stuck in my place, I'm seeing the top  
So I'm 'bout to level up  
I don't like the pack then I bring it back  
Say "Bring a better one"  
These niggas just talk, that's really all cap  
That's shit that they've never done  
My team in the front and they in the back  
I'm always ahead of them
