

Captain

Wiz Khalifa

Uh

One shot, two shots

I done mixed McQueen with the Blue Dot

Thug life, 2Pac

Smoke me a J' on the roof top

Champagne, campaign

Spend a whole day on a airplane

Barely get my team on the airplane

Barely get my luggage on the airplane

Looking at me like Captain, they treat me, like Captain

Know where I'm goin' like Captain, show up when I want like Captain

Everywhere I go I'm a Captain

Everywhere I go I'm a Captain

Everywhere I go I'm a Captain

Everywhere I go I'm a Captain

Uh

What's happenin? What's happenin?

I can hit the trap make it back-flip

What's happenin? What's happenin?

I done made a million, off rappin'

What's happenin? What's happenin?

I could fuck ya bitch, no cappin'

Niggas think they real til they lackin'

You ain't gettin' money 'less you stackin'

Niggas hate me I imagine

No I don't do shit average

In a minute I'ma get shit smackin'

Upfront we ain't dealing with no back end

What's happenin? What's happenin?

All these niggas really care about is fashion

Don't even ask to hit the weed, you ain't matchin'

How they gang, is the question that I'm askin'

One shot, two shots

I done mixed McQueen with the Blue Dot

Thug life, 2Pac
