

# Decisions

Wiz Khalifa

I hear it all the time  
About it all  
Why they talk?  
Don't even know what they want  
Don't even know what they want  
Don't even know what they want  
All that cake  
Don't even know what they want  
Don't even know what they want  
Don't even know what they want

Uh

New bitch  
Every week  
She take it off  
Bonin!  
Hair long, tatted on her back  
I get her a first class flight to where my show is  
Smoke weed, don't smoke weak  
Catch contact, get drunk  
Let me hit once, bitch come back  
Ballin, can't ever control it  
Don't have to text, don't even call it  
My name is on it  
I fuck her good and make that Uber call 6 in the morning  
I told her I don't need no pills, these Js I'm rolling  
Feeling my car, feeling my chain  
Ass looking soft, I'm feeling that thing  
Ride with a nigga & I'll put you up all in some game  
Why would you fuck with another nigga that's something you should say  
Came at the same time on the both ways  
We ain't even hardly know each other names  
By now I'm on my 6th ring or some  
By now I'm on my 200,010th plane or some  
By now you could say I'm living like Rick James or some  
Insane, cause it spit flames when I switch lanes I'm stuntin  
Big bank, no lose change, I do things  
Champagne me, L.A. me  
Supper Club throwin' dough, no ray me  
Fifty deep in VIP, T.G.O.D  
Your bitch remind me of this ink, she all on me  
I'm gone, I'm rocking KK cologne  
I think these bitches tryna fuck me so I'm takin' them home  
Take what I do inside the day & put it straight in the song  
I get another 'bouta pound & put it straight in the bong  
Imma stay real, Imma stay high  
Imma stay ready, Imma stay [?]  
Count til my thumbs hurt, smoke til my lungs hurt  
What another man say, I know my own work  
Handle business  
With my real niggas, like a real nigga  
And it's real business  
All business, no hard feelings  
All my dogs, got they all in it  
Hard to get along with us  
Call a kush Jean-Claude, god damn it kick strong

Rollie on my arm, fake niggas y'all really don't appear to a real nigga
