

Do Sumtin

Wiz Khalifa

If it's on and poppin', go ahead and move somethin'
And if a hater trip, go ahead and do somethin'
If it's on your chest, go ahead and prove somethin'
If not, stop frontin', you niggas ain't hurtin' nothin', no

If it's on and poppin', go ahead and move somethin'
And if a hater trip, go ahead and do somethin'
If it's on your chest, go ahead and prove somethin'
If not, stop frontin', you niggas ain't hurtin' nothin', no

You niggas ain't hurtin' nothin', all your talkin' is cheap
And my veins is concrete, I'm the heart of this street
Your squadron is weak, I creep with a five-star class
We beef, your block will look like a five-car-crash
Ya know, that you can tell it great, Wiz gettin' hella cake
Keep a chick to freak it with, I'll let you niggas LTH
That's lovin' these hoes, I'm pumpin' these flows
Cause' I hate these rap niggas, but I'm lovin' the dough
Got a problem, we can solve it, man it's nothin' to show
If I ain't rappin', I'm relaxin' somewhere puffin' an O
I'm with a bad one on the back block, cruisin' through the scene
And I know your man as me, but Wiz Khalifa spittin' crack rock
Niggas out her rattin' man, (D's?) taking snapshots
That's why I hit the lab, get the cash like a jackpot
You niggas mad cause' the pad look like a stash spot
And niggas gettin' money over here, and your ass not

If it's on and poppin', go ahead and move somethin'
And if a hater trip, go ahead and do somethin'
If it's on your chest, go ahead and prove somethin'
If not, stop frontin', you niggas ain't hurtin' nothin'

If it's on and poppin', go ahead and move somethin'
And if a hater trip, go ahead and do somethin'
If it's on your chest, go ahead and prove somethin'
If not, stop frontin', you niggas ain't hurtin' nothin'

Yo, if a hater trip, go ahead and blaze his shit
Even young kids say Young Wiz is their fa-vo-rite
Khalifa knock it out the park, franchise made it sick
Leavin' niggas in the dark, greedy and I'm takin' chips
And as far as these broads and this green
I got a dollar full of dimes, and a pocket full of G's
You can take it any way, and that's probably what I mean
Long as the (reefa ID?), and the dutchie's full'a weed
See I ain't hard to please, ease when your squadron leave
You don't want the goonies in the riddle, let a cartridge squeeze
You niggas think you low, but I see you guys pop up
Make your team divide like a piece of pie
Why? Cause' I keep it fly, fresh when I'm creepin' by
Got a mean team, but for me, I'm a peaceful guy
But don't get out of line, cause' for them dollar signs
The full clip, will make a nigga's thoughts sit out his mind

If it's on and poppin', go ahead and move somethin'
And if a hater trip, go ahead and do somethin'
If it's on your chest, go ahead and prove somethin'

If not, stop frontin', you niggas ain't hurtin' nothin', no

If it's on and poppin', go ahead and move somethin'

And if a hater trip, go ahead and do somethin'

If it's on your chest, go ahead and prove somethin'

If not, stop frontin', you niggas ain't hurtin' nothin', no
