

# Familiar

Wiz Khalifa

I am in the air  
All I want is the money  
And I see it so clear  
Weed in my grinder  
Mind on a million  
Taylor gang in the planes  
You know we over the building

They ask me how I'm fly  
I'm a tell ya  
You recognize game  
I should be lookin familiar

If they ask me how I'm fly  
I'm a tell ya  
You recognize a G  
I should be lookin familiar

Party and chillin'  
And fast living it  
How I'm supposed to, now the choice is given  
I chose to, leave the club with a couple of hoes who  
Love to smoke trees rolling the easy rider papers  
Maintain a low speed  
Now shall I proceed?  
Come from a city where niggaz ain't got a lot  
But got it locked  
So I be low key, uh  
Money hoes clothes, is all a nigga knows  
Don't bring a nug, I blow it by the O  
I hit the road, cause shit is exactly how it seems  
While cats been sleepin on me  
I've been living out my dream  
The marijuana's liable but my surroundings are serene  
I'm laughin' and smokin'  
Hopin' my camera catch the scene  
Fresh up off the plane  
Flick another paper  
Shorty wanna ride with me  
As bad as I wanna take her  
Put you in demand  
Bitches taken flicks with the planes  
And send them to their friends  
Weed to grind  
Mind on a million  
And we over the building

I am in the air  
All I want is the money  
And I see it so clear  
Weed in my grinder  
Mind on a million  
Taylor gang in the planes  
You know we over the building

They ask me how I'm fly  
I'm a tell ya

You recognize game  
I should be lookin familiar

If they ask me how I'm fly  
I'm a tell ya  
You recognize a G  
I should be lookin familiar
