Wiz Khalifa

Beat that motherfucker up, Quad

I'ma need (I'ma need)
More than one bad bitch
More than one fat spliff
Take a foot, I get a inch (Get an inch)
In the game, no bench
I became so rich
This a movie for rent (For rent)
They're like "Wizzle, where you been at?"
Posted in the cut rollin' trees, handlin' business
My nigga are crazy, eyes so lazy, don't try to play me
I see how you niggas been acting, I ain't feeling it lately
Rolling up kush with your lady
You wanna pee? Gotta pay me
You want a O? Gotta roll it
And no, I ain't letting you hold it
My money so long, I can't fold it
I just got a watch, it's the coldest
Let go of you bitch, can't control her
Game over and this what I told her

We like fuck that shit
I ain't beefing with no nigga, I'll take that nigga bitch
We like fuck that shit
I ain't beefing with no nigga, I'll take a nigga bitch, yeah
We like fuck that shit
I ain't beefing with no nigga, I'll take a nigga bitch, yeah
We like fuck that shit
I ain't beefing with no nigga, I'll take a nigga bitch

They tell me I'm out of it, trees, got a lot of it
I'm in the game, you sitting on side of it
I'm in the truck with the stars inside of it
Trying to get my hoe and don't even got a bitch
Ain't a V-12, I don't even ride in it
You don't even know nothin' about it
I bust a bitch down, wasn't froze when I got it
I smoke hella weed, lot of tats on my body
It's been a long day so you don't want a problem
I try to be modest
Don't fuck with you niggas if we being honest
Don't come to my talking 'bout
What you think that we could do if we link?
Don't hear the truth when you speak
You ain't my homie, don't "Bro" me, don't know me
So why the fuck you feel like you gotta reach?
If I'm feeling some way believe I got a reason
I grind everyday, that mean I gotta eat
And I'm playing to win, that mean I gotta keep it
I roll up that kush and get high on repeat
My timing is perfect
If I'ma fall out with you, gotta be worth it
I grind and deserve it, my diamonds is surfing
Don't gotta be nervous, you probably heard of us

We like fuck that shit

I ain't beefing with no nigga, I'll take that nigga bitch
We like fuck that shit
I ain't beefing with no nigga, I'll take a nigga bitch, yeah
We like fuck that shit
I ain't beefing with no nigga, I'll take a nigga bitch, yeah
We like fuck that shit
I ain't beefing with no nigga, I'll take a nigga bitch

You wanna take a shot?
Let's go to the grave
You ready to die?
