

Innit

Wiz Khalifa

I'm gonna hold P in a saline
Realize I'm so hooked up on the outside

Top down, chillin'
Block, I might bend it
2024, what a real nigga in it
Once again, she gon' be a tailor when we finish
So much money, you would think a nigga print it

Fins so low, I got a pledge in allegiance
Everything is kinda dark, especially when the weed's lit
Early in the morning, rolling pressure 'cause I need it
Right after the club, give me neck 'cause it's convenient
Took the top off, now she feelin' like she dreamin'
Never smoked pot before, well now I'm 'bout to teach her

Took the lock off the door, come rob a young Khalifa
From the window to the wall, in front of other people
I could keep it on the low, know how to keep a secret
Everybody takin' flavor, everybody thievin'
You can kick it at my crib, only for the weekend
Ain't nobody smokin', I'm the only one chiefin'

Top down, chillin'
Block, I might bend it
2024, what a real nigga in it
Once again, she gon' be a tailor when we finish
So much money, you would think a nigga print it

Fins so low, I got a pledge in allegiance
Everything is good dog, especially when the weed's lit
Early in the morning, rolling pressure 'cause I need it
Right after the club, give me neck 'cause it's convenient

Girl, you bad, and then your friend lookin' decent
Me? I got a hundred bad bitches in my recent
Call a fuck, niggas fuck, niggas get on defense
Hop on a jet, another million I'ma leave with

Got a man, nanny paying bills, but she creepin'
Baddest bitches breakin' rules, tryna meet with
A player only strong as the team is
I'm a boss, I can get some shit green lit

Top down, chillin'
Block, I might bend it
2024, what a real nigga in it
Once again, she gon' be a tailor when we finish
So much money, you would think a nigga print it

Fins so low, I got a pledge in allegiance
Everything is good dog, especially when the weed's lit
Early in the morning, rolling pressure 'cause I need it
Right after the club, give me neck 'cause it's convenient

I'm a boss, I can get some shit
I'm a boss, I can get some shit

I'm a boss, I can get some shit
I'm a boss, I can get some shit
