I'm a make it worth it baby  
I'm a do somethin extra for you, for you  
And you don't even gotta do it back  
That's a gift  
A present  
You made this trip excellent  
The best it could have ever went

Feelin like you'll never stress again  
Hopefully they're can be a us again, us again, us again,
