

# Oh No

Wiz Khalifa

Let me set it straight, cake like a heavy weight  
Still got a squad of crews moving that heavy weight  
I'm past most of you lames, brake fast off in the lane  
You just ashamed cause you playin' and I'm coaching the game  
Hat cocked to the side, wide birds flock to the guys  
Ride that Glock to ya side, flyin' that hospital ride  
I'm bout my money dummy, so we can take it there  
All you need is 4, 5 niggas so we can make it fair  
Can't compare, I'mma go hard till a nigga drop  
Bigga chain, hundred cars, Starbursts is in the watch  
I, with these bars and lines, I dun' scarred some minds  
Great plus the baby face got the whores in line  
But the difference is wit yours and mine  
I'm with a group of tens, friend, it's the march of dimes, yeah  
Cause I'm the lady lover, crazy since the 80's fucka  
Nasty flow, scrappy no, hate or love us, baby brother  
If rap was movin' packs, I'm servin' pounds now  
Yeah, you hot in ya hood, I'm burnin' towns down  
My main purpose to surface and switch the style round  
The game's turned to a circus, too many clowns now  
So move with the pump, grab your tools, split your blunts  
Cruise with the crews that'll bruise if they hit you up  
See I'm the cake'o'holic tryna' make this paper brolic  
Trip or scrap, listen this a wrap, man it's safe to call it

My weight's up how I handle these beats  
So wake up, I'm the man in these streets  
Cause Wiz Khalifa got that  
Fast to that slow flow, cash gettin' mojo  
Say ya rap, niggas play it back they like "Oh no!"  
My weight's up how I handle these beats  
So wake up, I'm the man in these streets  
Cause Wiz Khalifa got that  
Fast to that slow flow, cash gettin' mojo  
Say ya rap, niggas play it back they like "Oh no!"

Oh no keep an eye out for the po-po  
Bigger raps make my figures stack like a totem pole  
Bigger stacks so to bigger gats on the road, yo  
Spittin crack, sick of niggas act like you don't know  
Sittin' back, twistin' somethin' fat, it's that hydro  
I know, it's a wrap, creepin' through the side door  
Wiz Khalifa murk the game, youngin' but my mind grown  
It's a keeper worth some change, youngin' leave ya mind blown  
And when the winter get cool, I switch the time zones  
You's a beginner, you fool, the dumbest I've know  
You steady frontin' and rhymin', say you puttin' ya time in  
Claimin' that you in diamonds but they rhinestones  
See I'll crack a man, I don't wanna clap a man  
So I put the cheese on ya head like a Packer fan  
A hundred niggas in all black gon' pack a van  
Hop out and get the shit to clappin' like in Pakistan  
See I'll pack a stand, say you deep but know you not  
Bubble music blowin' pop, pause, I'm as hard as rock  
All you other artists stop braggin' on the DVD  
Fag is what you seem to be and tragic what it means to me  
Laughin' when I see you be, askin' if you think it's me

Relaxin' with my faction and we stackin' cheese repeatedly  
And chicks dig the kid, cook, clean, and ride for me  
Birds flock cause I'm hot, stop you see a flying V

My weight's up how I handle these beats  
So wake up, I'm the man in these streets  
Cause Wiz Khalifa got that  
Fast to that slow flow, cash gettin' mojo  
Say ya rap, niggas play it back they like "Oh no!"  
My weight's up how I handle these beats  
So wake up, I'm the man in these streets  
Cause Wiz Khalifa got that  
Fast to that slow flow, cash gettin' mojo  
Say ya rap, niggas play it back they like "Oh no! "
