

I'm off a few shots of patron right now since nigga's wanna be
putting too much alcohol in the Bombay and shit...
Plus we ain't got no McQueen
Its on the way though

Ughhh

Smoke one for my niggas that's gone
Bottles up she in love with a don
Used to smoke bad weed in a wood
Now she put her KK in a Raw
Bust down Cartier on my arm
Look like my iPhone going off
Smoke strong keep supreme in the jar
Play the game like I seen this before
Used to be a young nigga shooting hoops
Now the people calling me the new Snoop
Speaking of Snoop real life that's my OG
Smoked out at Demi Lovato's party
Niggas saying they on top I ain't buying it
Slice hitting sharp, mine keep flying private
Now the money from my WeedFarm piling
Day ones only kind Ima ride with'

Now ya'll go head and smoke sum...
Wait for that Rolling Papers 2 to come out...
Matter fact smoke 2 of them thang's
You dug

Pass it let your girl get blazed
Don't pass it if its not KK
