Wiz Khalifa

La musica de Harry Fraud

Nigga like me be smokin' while I'm chillin'  
And my bro just made a million  
Now we all can take care of our children  
Bad señorita, she do what I tell her  
Kush, yellin', car, sellin'  
New bitch bad as fuck, she gotta make my old one jealous  
Always watch my moves, be careful not to oversell it  
You ain't got no ho's like you been rockin' ho repellent  
What's my next move? There ain't no tellin'  
Straight player, roll a big joint to go with breakfast  
Eatin' fruit, drinkin' water, that's like every day  
She with me 'cause she was tryna find a better way  
Might let you get a taste

Out all night, we ain't coming yeah  
Way too far, ain't no service here  
Too turnt up, they don't let us park our cars in here  
Started regular, now we stars  
Say she wanna be a part of it  
Every day I go my hardest  
Don't get outta line, I play my part  
Nigga, play it smart

Look, I was ballin' by myself so I don't owe you niggas  
Knew what I had, because I made it, ain't gotta show you niggas  
Found out you jealous of what I got, so I can't fuck with that  
Put it on my life man, these my brothers, I can't turn my back  
These my dogs, this my backup  
And we so used to getting this money, running these racks up  
Rich niggas don't complain  
Don't get outta line and get it put on your brain  
Girl, don't go crazy, don't go insane  
I never told you I loved you, yeah, yeah  
All these hundreds on the table, it ain't fair  
And you don't know your way around my block, you not from 'round here  
Your main bitch, I got her choosin'  
And we up 'til the morning 'cause we used to it  
Yeah, yeah

Out all night, we ain't coming yeah  
Way too far, ain't no service here  
Too turnt up, they don't let us park our cars in here  
Started regular, now we stars  
Say she wanna be a part of it  
Every day I go my hardest  
Don't get outta line, I play my part  
Nigga, play it smart
