Bad Asian bitch, that's a Chinese kitty
Always in the cut, you can find me chillin'
And I'm all about money, dollar signs we gettin'
Just me tryna find three bitches
One deep tryna mind my business
Fucked yo' bitch, no, I'm lyin', I ain't hit it
Whatever make you feel better in the end
I'ma take her down then fuck her friend
No after party, my room the event
Face down, ass up, knees bent
She gon' do anything, she need rent
Your nigga right here, what he gon' do?
Your home girl on your line, tell her come through
She invited to my room too
She wanna watch while a real nigga pound you

No cap, no cap
She just got a hundred grand in her Cash App
No cap, no cap

She just spend like eighty thousand on a Scat Pack
I just spend a hunnid thousand on a Hellcat
And we drop over fifty bands while we shoppin' at Saks
His and hers so I just took our whips and paint 'em matte black
She got her own money, I'm like: "Damn, you don't need mine"
I'm sittin' courtside with Wiz, so it's chuck taylors and Levi's
Christian Lou's drippin' on her feet, she got some knee highs
You can get whatever you like, I feel like T.I
I just checked her Cash App, she a hunnid thousand up (Racks)
You can take them other bitches and just line 'em up
And kick 'em out, she too perfect, I ain't missin' out
I don't do relationships, but I'ma stick it out
No cap, no cap
She just got a hunnid thousand 'bout to cash out
Smokin' on Khalifa Kush 'til I pass out
When we walk inside the club we brought the bag out

No cap, no cap
She just got a hundred grand in her Cash App
No cap, no cap

She just got a hundred grand in her Cash App
No cap, no cap
She just got a hundred grand in her Cash App
