

# Remember

Wiz Khalifa

Remember when we used to smoke a lot?  
Remember when we used to run from cops?  
Remember when we used to stay up all night and day?  
Cali high wake me up  
Remember when we used to smoke a lot?  
Remember when we used to run from cops?  
Remember when we used to stay up all night and day?  
Cali high wake me up

I miss 2010  
In a beatable car, getting high with my friends yeah  
Only thing I ever wanted for me  
Was my toes in the sand, California pot head  
I've been tossed around  
They never kept me down  
And I'm still standing here  
With you (oh baby still standing with you yeah)

So baby roll another  
We'll do this shit all summer  
Not worry about tomorrow today  
Yeah yeah (yeah yeah yeah)

Remember when we used to smoke a lot?  
Remember when we used to run from cops?  
Remember when we used to stay up all night and day?  
Cali high wake me up  
Remember when we used to smoke a lot?  
Remember when we used to run from cops?  
Remember when we used to stay up all night and day?  
Cali high wake me up

I remember stealing money out my dad's pants  
So I could eat at school yeah  
And I remember throwing up with my best friend  
'Cause he was in love with you  
Yeah I know I been broke  
But one day I'll get paid  
And baby we gon' have it all  
(We gon' have it all yeah) yeah yeah

So baby roll another  
We'll do this shit all summer  
Not worry about tomorrow today  
Yeah yeah (yeah yeah yeah)

Remember when we used to smoke a lot?  
Remember when we used to run from cops?  
Remember when we used to stay up all night and day?  
Cali high wake me up  
Remember when we used to smoke a lot?  
Remember when we used to run from cops?  
Remember when we used to stay up all night and day?
