

Brothers In Spirit

Wizard

I look back with a smile on my face
Our brotherhood is still standing strong

Amazing times X-ray my brain
My blood is pulsing and nothings seems wrong

Ups and downs - nothing can stop us
Bound by chains together forever

Laughing and crying - ever high flying
Brothers I don't want to miss

We are the sails of a proud ship
A keeper of the seas
We cross the ocean hand in hand
And we feel always free

So many things in life go wrong
But with this backing I feel strong

Acceptance and friendship are the elixir
In the sign of the Wizard

All experiences we had together
Beyond words for me

All conflicts we solve in seconds
Cause we are a big family

We are the sails of a proud ship
A keeper of the seas
We cross the ocean hand in hand
And we feel always free
