

# Blessed

Wizkid

Cold mineral, cold pure water

Woah Woah

I might be rough around the edges, maybe yes  
I keep it nappy and I do what makes me happy  
And nobody can deny me that I'm blessed  
I might be rough around the edges, maybe yes  
I keep it nappy and I do what makes me happy  
And nobody can deny me that I'm blessed

Self preservation, self elevation  
These kind of things they deserve celebration  
No hesitation, no reservation  
Go for the big leagues, no relegation  
Let's celebrate life  
Kick back and take five  
And give thanks to the source that create life  
To see a sun set or see a sun rise  
And see my son born with the same eyes  
To see my son smile, brighten every grey sky  
He's growing so fast, that's why everyday  
I give it 100, nuh stop at 90  
Praise the Almighty, the Father anoint me

Say tonight man feeling blessed o  
Say tonight, me and my guys we go jam gbedu (Woah woah woah, woah woah woah)  
Say tonight man no go stress o  
Say tonight, me and my guys we go jam gbedu (Woah woah woah, woah woah woah)

And if I tell you all these things I don't see truly  
Say my eyes don't see, before my life come be  
Say many try to fool me  
But I dey pray for my enemies, and truly  
And I dey pray for my kids, that's my blessings  
Pray for the friends I lost  
I pray you never see no loss (Yeah)

With my lady, make she cool me down  
See, I just wanna hold onto my corner  
With my lady, make she cool me down

I keep it nappy and i do what makes me happy  
And nobody can deny me that I'm blessed  
I might be rough around the edges, maybe yes  
I keep it nappy and i do what makes me happy
