Say you no believe what my eyes done face  
If I got a bad bitch, tell me all is okay  
Ah dey, burn my zoot, and I run my race  
And I stand, real tall, no matter what man face  
So many things that my eyes done face  
And I never worry 'bout what the next man say  
And I keep it so cool, keep my mind real sane  
Tonight

Loose guard, man no fit loose guard, yeah  
No dey waste time, brother no time, yeah  
Money on my mind, me never waste time, yeah  
My mind, my mind, oh my, oh my  
This kind hammer no fit lose time  
Man I no dey look nobody, feel sey I feel fine yeah  
And I stand real tall and I send no one, tonight

Dem nuh fi run my race  
Run my race, run my race  
Run my, run my race  
Steady I dey my lane

Say I got a bad bitch wey wan' go away, yeah  
Plenty stress, we fi make man craze  
Many, many tings I dey for ghetto, no pay  
Say the people dey suffer but dey smile for face  
But if Starboy talk, dem say Starboy craze  
But I keep it so cool and ah dey run my race  
For life

Loose guard, man no fit loose guard, yeah  
No dey waste time, brother no time, yeah  
Money on my mind, me never waste time, yeah  
My mind, my mind, oh my, oh my  
This kind hammer no fit lose time  
Man I no dey look nobody, feel sey I feel fine yeah  
And I stand real tall and I send no one, tonight

Dem nuh fi run my race  
Run my race, run my race  
Run my, run my race  
Steady I dey my lane

Say we want no stress, we dey thank God for our lives  
Say na this kind night
