

No Stress

Wizkid

I got the pretty pretty lady wey no like no stress
She got her own but she need some love
She got her own but she need some love
Then she tell me say na only me dey make her love
Tell me say na only me dey cool her stress
She tell me say na only me she want
She tell me say na me dey make her cum
She tell me say na me dey keep her warm

Wind on my body baby wind dat
She tell me say my love make her wine dat
She tell me say my love make her climax
She tell me say na only me dey make her move
Dey groove
Dey make her feel alright now
Girl your body calling me right now
Girl so me need to say what's on my mind now
Make you suck make I fuck
Baby right now

I've been waiting for tonight
When the energy feels right right right
Where my touch make you feel right right right
Say tonight we come alive (Live live)
Make you drink up while we reminisce
Say a prayer for our enemies
Say my love na your remedy
Baby girl you mean a lot to me

I got the pretty pretty lady wey no like no stress
She got her own but she need some love
She got her own but she need some love
Then she tell me say na only me dey make her love
Tell me say na only me dey cool her stress
She tell me say na only me she want
She tell me say na me dey make her cum
She tell me say na me dey keep her warm

She tell me say na only me dey make her feel alright
Then she tell me say na only me dey make her feel alright
After the gbege me and my baby yeah we cuddle every night
She dey ride it like a bike but in a thousand miles
Steady while she riding and she gentle when she ride
This kind wind fit make man wan kpai
This one you show me wan dey pass my eye
When the matter burst baby girl na you go tian

I've been waiting for tonight
She say Wizzy be the man
She say Wizzy get stamina
Wan wa mi now
Omoge'n wa mi na
Make you drink up while we reminisce
Say a prayer for our enemies
Say my love na your remedy
Baby girl you mean a lot to me

I got the pretty pretty lady wey no like no stress
She got her own but she need some love
She got her own but she need some love
Then she tell me say na only me dey make her love
Tell me say na only me dey cool her stress
She tell me say na only me she want
She tell me say na me dey make her cum
She tell me say na me dey keep her warm

Show me one thing that got you tripping
Show me one thing dey make you want some more
South London girl make me trip
South London girl dey make my head dey burst
Got back to my Asian girls
As I say big up my Jamaican girls
As I say big up my African girls
I get lady for my yard wey no dey make me rest

I got the pretty pretty lady wey no like no stress
She got her own but she need some love
She got her own but she need some love
Then she tell me say na only me dey make her love
Tell me say na only me dey cool her stress
She tell me say na only me she want
She tell me say na me dey make her cum
She tell me say na me dey keep her warm
