

One For Me

Wizkid

StarBoy international sound

You're the one, you're the one for me
Call on me, you can call on me
All I want, cause all I want is to be
You're the one, you're the one for me

Oh lord
Loving your simple style, style
When you move girl I feel your style, style
When you leave me that's a minus
Say together we're a stronger soul
Whine whine say no man can control
If feels better than Silver and Gold
Is it forever girl? let me know
Is it forever girl? let me know
Can you be the one for me baby
Me wanna care for you love you forever
Can it be just for me baby
Sexiness, all this loving forever
Baby girl you're a kiss from a rose
Say your love like a kiss from a rose
Girl just love me I swear I nor boast
Say when I see you I know you're the one

You're the one, you're the one for me
