Dem inna, inna, inna, inna, inna (No lie)  
I know sey dem go pray on my downfall  
I'm still a winner, winner, winner, winner, winner (Spiritual)  
Me never let them play on my banjo  
Dem inna, inna, inna, inna, inna (Oh na-na)  
Don't know why they pray on my downfall  
But we nah dem go play on my banjo  
Never

I got a reason I got so much to give  
Showered in blessings, now my cup's runnin' over  
I no dey give a man, more than what he deserve  
'Cause they still dey bite the hand wey dey feed them  
My baby tellin' me to pose for the media  
I got a belief, I don't talk my amnesia  
Melody sweet but you know sey man so G'd up, yeah  
That's why the girls dem follow the leader

Got so many blessings, I dey count all night  
Yeah, starboy make a move, no man take my shine  
And if I tell you all the days I had to sacrifice  
So my whole life  
And I go do anything only for my family  
I got the thing that make your body do the nuh linga  
Make your gyal come through, makin' plays all night  
All night, all night

No console, now everybody dancin' for me  
I'm on the move, no be Keke, now everybody askin' for me  
I dey go collect wetin baba God dey destin' for me  
What's lost now found  
So we can sing amazing grace, amazing grace, all night (Hol' on)
