

No ride or die, better love me or leave me (Can't let you wait on my body)  
I'd let you go, I got no burden above me (No time to float when you're playing)  
Less to know when I'm careful around you  
I gotta go slow if I'm going for you  
Go slow, if I'm going for you, ooh

Step back and adore the beautiful thing God bless me with the more  
God gave me it, God gave me you, girl, no one else I go choose  
Kick back, relax, you are the sweetest melody for sure  
Rhythm and blues, the sweetest music

Titi lai lai, take her time now  
Yeah, for all night be the star right?  
Gentle with my touch, gently with my words  
We no fit pay for time, why we come dey rush?  
Titi lai lai, titi lai lai, make we dey do all we do titi lai lai  
Ká de ma še òun ta ma še, titi lai lai  
Take your time with it, as long as you're fine with it
