

# Unemployed

**Wizo**

We are unemployed, happy, happy unemployed  
We are unemployed, we got nothing to do, juhu  
We are unemployed, Paula, me and you  
We've got no job - job  
We've got no work - work  
We've got no job, no work and nothing else to do  
We're feelin' good - good  
We're feelin' fine - fine  
We're feelin' great and so we sing it all again
