

## About You

WizTheMc

I hate the way you say my name  
I regret every single thing since the day I met you  
I hate your face  
Your smile  
Your taste  
Wanna forget every single thing that I know about you

I don't like you anyway  
Not even on Saturday  
And that's my favourite day

I hate everything about you  
Aahhh  
I hate everything about you  
Aahhh  
I hate everything about you  
Ahhh  
I hate everything about you  
Bout you  
Bout you  
I hate your guts  
I hate your guts

Hate the dress that you wore  
Hated going to the store with you  
I always thought that I wanted you to call  
But I feel better off alone  
In my bed with someone better who will go  
Shoulda never had your number in my phone  
I can't be back bags already packed  
Just tryna relax  
From CPT to BER time for LAX  
Its a fact that I bring the pack  
French kissing cali gas  
Fill the bank with bills like I'm gates  
Yea I don't want you back

I don't like you anyway  
Not even on Saturday  
And that's my favourite day

I hate everything about you  
Aahhh  
I hate everything about you  
Aahhh  
I hate everything about you  
Ahhh  
I hate everything about you  
Bout you  
Bout you  
I hate your guts  
I hate your guts
