

Bottle

WizTheMc

Ending shit before it starts
Take a hit before we love
Take a bit I got enough
Take a sip out the bottle
Anything but not love
Plenty wings to get me up
Any drinks that get me drunk
If you want come follow

Got couple songs
I haven't done finished writing
See this inspiration come and go
But with you I'm vibin'
Now please be quite
'Cause I got some shit to say
It's off the dome
It's all for sake
This shit a game
I don't always wanna play
Yeah
Don't know where I'm going
But I know where I be heading
Don't know if you know
Any answers to all my questions
I wish they knew
That my life not only about this rapping
I'm meditating, manifesting, breathing
Just to get through the action
So many things
I haven't figured out yet
Waking up everyday
Just to take baby steps
My words paint a fucking picture
And the canvas a mess
'Cause I be contradicting myself
On like every track
What the fuck

Give me a cup

Ending shit before it starts
Take a hit before we love
Take a bit I got enough
Take a sip out the bottle
Anything but not love
Plenty wings to get me up
Any drinks that get me drunk
If you want come follow

Ending shit before it starts
Take a hit before we love
Take a bit I got enough
Take a sip out the bottle
Anything but not love
Plenty wings to get me up
Any drinks that get me drunk
If you want come follow
