

## Date

WizTheMc

Yeah  
Aye  
Don't want this miscommunication  
Want a better way  
All this fucking texting  
Got me feeling hella fake  
I wanna tell you how I feel  
Like every single day  
But time's so fucking precious  
So we spend it to get paid  
Damn

It's weird to know  
That I don't really hang with friends  
I don't go out  
I don't dance  
I'm just sitting on this rap  
Working just to eat  
And pay my rent  
I can't go out  
Just to flex  
I just blow out all this gas  
But I don't smoke like that no more  
Had to take a break  
Used to sit on bags  
You know  
But that shit had me to baked

Yeah

Pre-meditated meditation  
This is more then phases  
I'm fucking ageing  
Head is aching  
Please don't take my angels  
I can't control my feelings  
Feelin' like my heart is breaking  
If you say that I work to much  
That is an understatement  
Fuck  
Just wanna spend some  
Spend some

I wanna spend some time with you  
Can we go out on a date?  
Tell me all the timeless truths  
You make me feel awake  
Hmm  
I wanna spend some time with you  
Can we go out on a date?  
Tell me all the timeless truths  
You make me feel awake  
You make me feel okay

You ready

Hate is inevitable

That's why they jumping the boat  
I gotta find the root  
To the strings  
That being pulled  
The jerk is pulled  
I'm fucking full  
Of this bullshit  
Take me take me to your room  
Let's be stupid

Take me away

Like a UFO

C'mon

Take me away

Like a UFO

Take me away

Like a UFO

C'mon

Take me away

Like a UF

I just wanna see if you is down

'Cause

I never met a girl like you

In this town

Yuh

Fuck these lies

You know the truth

I need to download

Just give me give me time

And we be both good

Nothings forever

Nothings forever

That's what you said

Nothings forever

Nothings forever

I wanna spend some time with you  
Can we go out on a date?

Tell me all the timeless truths

You make me feel awake

Hmm

I wanna spend some time with you

Can we go out on a date?

Tell me all the timeless truths

You make me feel awake

You make me feel okay

Can we go out on a date?

Can we go out today?

Hmm
