WizTheMc

Same skin different scars
Bring me to love
I know that you've been busy
There's no need to rush
No change for the bus
I'll pay when I'm done
Shit
All this weed smoke
Got me hungry
Sipping from the bottle
I don't need a cup
Shouldn't be smoking indica
I need sativa ya
Shouldn't be spending all my money on this weed I know
Drank too much
How did we get home
How did we
I don't know
How did we
I don't know
I don't
How did we
I don't know
How did we get home

Don't know what's on my mind
I got bottles inside
And some weed we could smoke
Let's not decide
What we do

Don't know what's on my mind
I got bottles inside
And some weed we could smoke
Let's not decide
What we do
Let's not

Yeah
French vanilla kisses
Lips locked
Pay attention
To your thoughts
Have a listen to a nigga from abroad
She only like niggas who really foreign
I guess you boring
Pull up with a bottle
So you know that I'm pouring
Aye
Say that you want it
I want it too
We can be close
Like 1 and 2
I know I didn't call
But I wanted to
Yah
I ain't got no car

But I wanna move
Yeah
Hit you up in the nightttime
Put my phone on flight mode
When I arrive
Yeah
You can tell by my eyes
Wanna do so much
But can't decide

Don't know what's on my mind
I got bottles inside
And some weed we could smoke
Let's not decide
What we do

Don't know what's on my mind
I got bottles inside
And some weed we could smoke
Let's not decide
What we do
Let's not
