Let me be the one
In your dreams
Let me be the one
In your dreams
Let me be the one
In your dreams
Let me be the one
In your dreams

Night for night
For night
For night

I wonder if there's love In sight
I wonder if these other guys
See you shine
See you shine
I can't lie
I can't lie
Noo
I can't lie
I can't lie
Noo

Maybe I will never meet you
Maybe I don't
Need to
Maybe I was just to shy
To speak to you
Maybe I was just to shy
I was
Just to shy
Ih
Just to shy
Just to shy

I can't lie
I can't lie
Noo

You look like a star
You look like a star

Let me be your
Mars
Let me be your
Love
Let me be your
Let me be your

Let me be the one
In your dreams
Let me be the one
In your dreams
Let me be the one
In your dreams
Let me be the one

In your dreams
