

# For A Minute

WizTheMc

You want my love, I want your heart  
Just for a minute  
Come by and let me fill it, 'cause  
You want my love, I want your heart  
Just for a minute  
Come by and let me finish  
On you

You want my love, I want your heart  
Just for a minute  
Come by and let me fill it, 'cause  
You want my love, I want your heart  
Just for a minute  
Come by and let me finish  
On you

Summertime's dry  
I need some to get around  
You don't need to fall in love  
Baby, I just be your drug  
All your friends already gone  
You just looking for someone  
And nobody looking back  
Baby, I could be your one

I could be your one just for a night  
Maybe a week  
But I don't wanna stay too long  
'Cause then you'll see all my weaknesses  
I keep distance to everyone I see  
Is it me or you?  
But something making me feel brand new

Ooohoo  
Feeling brand new  
Ooooh  
Feeling brand new  
Ooooh  
Feeling brand new  
Ooooh  
But it still feel like

You want my love, I want your heart  
Just for a minute  
Come by and let me fill it, 'cause  
You want my love, I want your heart  
Just for a minute  
Come by and let me finish  
On you

You want my love, I want your heart  
Just for a minute  
Come by and let me fill it, 'cause  
You want my love, I want your heart  
Just for a minute  
Come by and let me finish  
On you
