

Goodtime

WizTheMc

We wanna ride
Fuck a goodbye
Have a good time
You know the vibe
She can't decide
I wanna love
Wanna make love to you all night
We wanna ride
Fuck a goodbye
Have a good time
You know the vibe
She can't decide
I wanna love
Wanna make love to you all night

Yeah
Let's getaway like a hijack
Hop up in the booth
Make a project
Yea we making love by the sunset
I don't even know
When the sun set
Take the plane
I'll make a way
I can't be stressed
'Cause stress don't pay
Yah
Family blessed
I'm the family's last child
Pass the gas
Before I pass out
Ouh
You been on my mind
For way too long
Come take my hand
You'll understand
All of these days
Gon' make some sense
Yah
You been on my mind
For way too long
Come take my hand
You'll understand
All of these days
Gon' make some sense

We wanna ride
Fuck a goodbye
Have a good time
You know the vibe
She can't decide
I wanna love
Wanna make love to you all night
We wanna ride
Fuck a goodbye
Have a good time
You know the vibe

She can't decide
I wanna love
Wanna make love to you all night

Don't slip there's ice on the rink
I need me time just to think
Give me some time
And you might just get
You some ice on your ring
Girl
But I don't do promises honestly
The problem lies always in honesty
Yea I wanna ride
Wanna show you things
Come baby
Just take a part of me
Feeling like this love is harmony
I do not know where they wanna be
But I know, I know where I wanna be
Yea

Right beside
Right beside
Right beside
You-u
Right beside
Right beside
Right beside
You-u
Wanna ride
Wanna ride
Wanna ride
With Youuu
Youuuu

We wanna ride
Fuck a goodbye
Have a good time
You know the vibe
She can't decide
I wanna love
Wanna make love to you all night
We wanna ride
Fuck a goodbye
Have a good time
You know the vibe
She can't decide
I wanna love
Wanna make love to you all night
