WizTheMc

You had me at a place  
Was feeling like heaven  
Now I'm away  
Hope you don't regret it  
Yeah  
You had me at a place  
Was feeling like heaven  
Now I'm away  
Hope you don't regret it  
Yeah

Passing time  
I'm passing by  
Yah  
Told you I won't fall in love  
Yeah  
But it's things I can't control  
Guess there's things I don't wanna know  
And you didn't tell me why  
You looked so deep in my eyes  
Why you held me so tight  
Then just let go of it all

We was so high  
Didn't think we gonna land  
You told me I'm young  
Said I'll make experience  
Yah  
I want you as home  
I don't want you as a friend  
I wanted to go  
Wanna show you all the lands

Had me at a place  
Was feeling like heaven  
Yeah  
Now I'm away  
Hope you don't regret it  
Yeah  
You had me at a place  
Was feeling like heaven  
Yeah  
Now I'm away  
Hope you don't regret it  
Yeah

Age just a number  
Face full of colours  
You felt like an ace  
But I guess you a number  
Came back  
Almost summer  
Thought I was someone  
To you  
Thought we had something to do  
But all of this faded  
Like smoke in the air

Didn't have patience  
'Cause I thought you care  
And maybe you did  
And maybe you do  
But now I can't look out  
For someone like you  
No

No more  
No more  
No more  
No more  
No more  
Heartbreaks  
Please

You had me at a place  
Was feeling like heaven  
Now I'm away  
Hope you don't regret it  
Yeah  
You had me at a place  
Was feeling like heaven  
Now I'm away
