

# I Know

WizTheMc

I know love don't last  
If you can't give back  
Oh, you can't go back  
No

I know love don't last  
If you can't give back  
Oh, you can't go back

I've been waiting for this moment  
But don't know how to react  
I've been saving my emotions  
But don't seem like they intact  
It's a wrap, nigga, go back to your bed  
It was all a dream  
Niggas talking so much fucking smack  
I can't even sleep  
Is it my problem or theirs?  
I always thought that they cared  
I never saw that shit coming  
I really wasn't prepared, damn  
Now I stay all day in bed  
Don't like to be thinking 'bout shit from the past  
I'm gon' leave it right there  
Keep my feet in the air  
And my mind occupied with some beats in my ear  
With some beats in my ear  
With some beats in my ear 'cause

I know love don't last  
If you can't give back  
Oh, you can't go back, oh  
I know love don't last  
If you can't give back  
Oh, you can't go back, no  
I know love don't last  
If you can't give back  
Oh, you can't go back, no  
I know love don't last  
If you can't give back  
Oh, you can't go back, ooh

Can't go back  
Can't go back  
Can't go back  
Cannot go back  
Can't go back  
Cannot go back
