

It's Cool

WizTheMc

If this is not
What you want
It's cool
I stay on my side
You can stay on yours
If this is not
What you want
It's cool
I stay on my side
You can stay on yours

I stay on my side
I'm staying inside
I just wanted to ride
Never wanted no lies
Now I binge watch the shows we used to see
Open scars that used to bleed
You showed me love and I believed you
It's real ouhhhh

They say
Time heals all wounds
Just so they don't break
Felt like fallin' for you
Was just a mistake

If this is not
What you want
It's cool
I stay on my side
You can stay on yours
If this is not
What you want
It's cool
I stay on my side
You can stay on yours

I didn't leave
Still at the same place I stayed
Wanna have you close like all day
From the neck to your toes
Love all things
Come here I'll show
You the rings
I daydream to survive my everyday
I can't decide if I want you
'Cause maybe I don't

They say
Time heals all wounds
Just so they don't break
Felt like fallin' for you
Was just a mistake

If this is not
What you want
It's cool

I stay on my side
You can stay on yours
If this is not
What you want
It's cool
I stay on my side
You can stay on yours
If this is not
What you want
It's cool
I stay on my side
You can stay on yours
