

Mission

WizTheMc

She never seen some' like this, yeah
So she wanna stay, yeah
She don't wanna miss it
Girl I'm no player
But you can be my mistress
I can't be to close for too long
Sorry but I got missions

I got missions
Yeah I gotta go
I just rap and they said I'll blow
Can't be stopped
'Cause a nigga locked up
In the stu' for way too long
Putting all this fucking work in
She got bottles like the service
It's my time to shine
Don't be mad, just be working
Yeah they lurk like serpents
I don't trust your words and
Keep your distance
Need more space to perfect this craft
Yeah
Oh I been on their ass
Ehhh
I'm not running for no cheques
No
Aye
I'm just running 'cause I'm next
Eh eh eh

She never seen some' like this, yeah
So she wanna stay, yeah
She don't wanna miss it
Girl I'm no player
But you can be my mistress
I can't be to close for too long
Sorry but I got missions
She never seen some' like this, yeah
So she wanna stay, yeah
She don't wanna miss it
Girl I'm no player
But you can be my mistress
I can't be to close for too long
Sorry but I got missions

Don't know what you want
I don't talk
I roll two blunts
2 much on my mind
3 puffs I'm alright
4 us this' all we know
5-0 for the trees we blow
It went down two weeks ago
Still don't know how to close that door

Think for yourself

Please don't agree with everything you see
I try to make a difference
So I'm putting all my thoughts on beats
Niggas asleep
'Cause the dreams keep 'em cozy
Rolling through the city
See me cheesed
Yea they know me

She never seen some' like this, yeah
So she wanna stay, yeah
She don't wanna miss it
Girl I'm no player
But you can be my mistress
I can't be to close for too long
Sorry but I got missions
She never seen some' like this, yeah
So she wanna stay, yeah
She don't wanna miss it
Girl I'm no player
But you can be my mistress
I can't be to close for too long
Sorry but I got missions
