WizTheMc

I been dizzy ever since I met you  
You make my tummy turn around  
Like I upset you  
Oh please don't leave yet  
I got shit to show you  
Roll through  
I been writing shit  
It's all you  
It's for you  
Yah  
Minimum wage  
I'm getting paid  
Be we act like we rich  
Whatever the say  
I'm gonna stay  
Imma stay here for a bit  
Imma stay here for  
Imma stay here for a bit  
You made me stay  
You don't like to wait no  
Uh  
Maybe say  
What you want today  
Yah  
You made me stay  
You don't like to wait no  
Uh  
Maybe say  
What you want today  
Yah

I want more  
I want more  
I want more  
Please don't leave  
I want more  
I want more  
I want more  
Please don't leave  
I want more  
I want more  
I want more  
Please don't leave

Using my love  
Muse in my thought  
The music is lost  
I wanted more  
But you've been gone  
My feelings got tossed  
I know I'm wrong  
So I write songs  
Got a long way to go  
So I keep an 1/8 close  
So I stay stoned  
Yeah  
So I stay stoned

I be by your side  
Keep you in mind  
I'm sending you light  
Don't want no wrong  
Keep you in songs  
I keep you alive  
I keep you alive

I want more  
I want more  
I want more  
Please don't leave  
I want more  
I want more  
I want more  
Please don't leave  
I want more  
I want more  
I want more  
Please don't leave

You snuck in my head when I was writing this shit  
Now you get 16 bars you deserve 16 carats  
Women's a baddie it's apparent  
You probably get it from your parents  
You probably got it from your mother  
You deserve tender love and carin'  
I just wanna kicknit like a dojo  
I just wanna hang like a poster  
Yes I'm a dog but this dog don't bite  
Less you want it like that get closer  
Take a lil lean on a shoulder  
Put your lil hand on my chest  
I'm done with the waiting let's give it a rest  
'Cause I want  
I want more  
I want more  
I want more  
Please don't leave  
I want more  
I want more  
I want more  
Please don't leave  
I want more  
I want more  
I want more  
Please don't leave
