

No Love

WizTheMc

I'm just doing my shit
Minding my own business
Get the fuck out the way
If you don't be feeling
Crazy shit
It's that wavy kid
Come and take a hit
If you really fuck with me
We can really make a hit
Yeah
Living my visions
I cannot be dealing
With people who feeling entitled
Don't give a fuck 'bout your title
I'm killing you niggas with eyes closed
Closing chapters like a bible
I got the keys like I'm Pablo
Looking for cheese
Where the nachos
I do not know where the time go
Rest in peace
'Cause Pac gone
Rest in peace
Cause X gone
Now I really need to let go
These times
Only God knows
Niggas really wanna really blow holes
Why the fuck you niggas so cold
Niggas snitching on the low low
Black on black
With no popo
Money make a nigga loco
Yea they flexing with they 44's
They snappin like photos
They snappin like

I don't know what's goin' on
Guns legal for too long
Love is fucked if it goes wrong
Smoke spliff with a coat on
Don't know for how long
I can write down my wrongs
I can't lie on my phone
I can't lie to my bros
I got' be on my own
I got' be on my own
I got' be on my own
