

# One Way

WizTheMc

Maybe its the wrong way wrong way  
Yeah  
Only drive it one way one way  
Yeah  
I'm just on my own way own way  
Yeah  
I ain't tryna run away run away

Yeah  
See I'm just tryna find a way  
Make some space  
I need me more time  
To overthink what to say yah  
I been gone  
And I been back  
Yah  
Still on that strong  
I been on that pack  
Yeah  
Times change  
Timezones moving closer lately  
I been always in my head  
'Til you came closer baby  
Erase the time  
We been alive  
I wanna ride  
I just wanna love  
You  
You  
You you you  
You you  
You you you  
You you you

Maybe its the wrong way wrong way  
Yeah  
Only drive it one way one way  
Yeah  
I'm just on my own way own way  
Yeah  
I ain't tryna run away run away  
Maybe its the wrong way wrong way  
Yeah  
Only drive it one way one way  
Yeah  
I'm just on my own way own way  
Yeah  
I ain't tryna run away run away

I'll make it work  
I know times could be worse  
Heart is aligned with the stars and this timing on earth  
I been assigned to these words  
God made it work  
I'm just tryna tell you  
How much you really worth yah  
Worth yah

Yeah  
I made it happen  
Memories in 15seconds  
Own show  
Real love and souls captured  
I been asking same questions  
Still passing weed 'fore I'm crashing  
Need more action  
I need more action  
I need more action  
I need more action

Yeah

Maybe its the wrong way wrong way  
Yeah  
Only drive it one way one way  
Yeah  
I'm just on my own way own way  
Yeah  
I ain't tryna run away run away  
Maybe its the wrong way wrong way  
Yeah  
Only drive it one way one way  
Yeah  
I'm just on my own way own way  
Yeah  
I ain't tryna run away run away
