

# Perfect

WizTheMc

She don't see that I'm working  
I don't see that its worth it  
Ain't nothing gon' be perfect  
Nothing gon' be perfect

I wanna show you who I am  
Got no deal, with no advance  
They say it don't make sense  
I don't meet a lotta friends  
No

My music let my friends go  
I don't switch no channels  
Girls are full Chanel  
Packed full of Camels  
Used to ball like Melo  
Now mind got' to let go

I need to handle this life  
Things I need to decide  
All my love is in these rhymes  
Opened eyes  
Saw the signs

This is no secret to the mind  
This how people still define  
Their life  
All about 9 to 5

This is no secret to the mind  
This how people still define  
Their life  
All about 9 to 5

She don't see that I'm working  
I don't see that its worth it  
Ain't nothing gon' be perfect  
Nothing gon' be perfect

She don't see that I'm working  
I don't see that its worth it  
Ain't nothing gon' be perfect  
Nothing gon' be perfect

She don't see that I'm working  
I don't see that its worth it  
Ain't nothing gon' be perfect  
Nothing gon' be perfect

She don't see that I'm working  
I don't see that its worth it  
Ain't nothing gon' be perfect  
Nothing gon' be perfect

Imma work on own shit  
I talk like I know it  
I walk like I'm Tony  
What you know about me?

Tell me all about dreams  
How you feel about fiends?  
How you feel about (uh)

Nothin that I couldn't reach  
Nothing that put me to sleep  
I know you dream  
I know you want it so bad  
U want it for real?

I step in the game  
In the paint like O'neal  
Elevate with a word on a beat  
Like a bird in the eve  
I am my own worst enemy  
Gotta stay strong through the week  
Don't give a fuck  
If you hate on me  
Nigga  
Hate on me  
Nigga

Nothin gon' be perfect  
Don't expect it to be  
Nigga

She don't see that I'm working  
I don't see that its worth it  
Ain't nothing gon' be perfect  
Nothing gon' be perfect

She don't see that I'm working  
I don't see that its worth it  
Ain't nothing gon' be perfect  
Nothing gon' be perfect

She don't see that I'm working  
I don't see that its worth it
