

The One

WizTheMc

I've been looking for someone
And you might be the one
I can't describe the feeling
So I wrote you this song
I've been looking for someone
And you might be the one
I can't describe the feeling
So I wrote you this song

Yea
Told you that I'm fine
I'm alright
You don't have to ask me twice
I've been looking for someone
I've been looking all my life
Asked a girl in every country
But no one to be my wife
I been feeling hella hungry
With some food still on my knife
I say
We could stay at mine
But you would have to leave before nine
Yeayea

Don't say you like me
I pray you might be
The one I should stay with
For the rest of my life

Don't say you like me
I pray you might be
The one I should stay with
For the rest of my life

I've been looking for someone
And you might be the one
I can't describe the feeling
So I wrote you this song
I've been looking for someone
And you might be the one
I can't describe the feeling
So I wrote you this song

Same side
Same bed
Where we could be forever
Tell me you want
Tell me you want it too
Tell me you want it too
You want it too
You want

Could be on the plane, on the road
On the train or the phone
We could share a fridge
Yea
We could make a home

Teach me how to fish
So that I can bring 'em home
I can bring you weed
So that you never alone

Don't say you like me
I pray you might be
The one I should stay with
For the rest of my life

Don't say you like me
I pray you might be
The one I should stay with
For the rest of my life

I've been looking for someone
And you might be the one
I can't describe the feeling
So I wrote you this song
I've been looking for someone
And you might be the one
I can't describe the feeling
So I wrote you this song
