

# Unstoppable

WizTheMc

Uh  
They thought I could never do that shit  
But now is everybody questioning why this nigga hip  
I'm already over school, this is just what I did  
To find the difference  
I'm lifting while I'm giving  
Everything what I can  
People keep your talking  
I've just began  
Don't stop trying  
You got more than one chance  
It's normal that everybody gives self doubts  
Don't damn  
Go your own way  
You is your own scout  
If they said its cool  
Would you move to the south?  
I wouldn't suggest for you to dropout  
But some people need to take risks to find out

Try to be unstoppable  
They say that I just can't go  
I don't listen and move with my flow  
I don't listen and move with my flow

Try to be unstoppable  
They say that I just can't go  
I don't listen and move with my flow  
I don't listen and move with my flow

Everything started in 2014  
They never looked at me  
They never thought one day I'd get booked as an mc  
Noo  
But my homies never gave doubts  
'Cause they know  
That I finna get this dough  
New niggas never stepped in the zone  
The moment you think you fucked it up  
A new door opens  
You know though I'm low-key  
Wisdom in my brain I don't doubt it  
Even if you whole family don't like  
I still know that I'm the dopest  
Nobody can step over this  
Over this  
I'm over that  
I don't give a fuck what hova said  
Listen to this  
My life's like a movie  
Comedy zone  
I don't fuck with tv shows  
I don't watch no tv no more  
'Cause I feel these spirits  
My mind is opening these doors  
And I go this way  
I flow everyday

Do raps but still do same mistakes  
My thoughts on a paper  
I'm not shying away  
Think about how good your life is  
I'm getting gods license  
Fuck degrees  
I'm living for the high sense  
Step for step I'm striking  
This shit making me feel enlightened

Try to be unstoppable  
They say that I just can't go  
I don't listen and move with my flow  
I don't listen and move with my flow

Try to be unstoppable  
They say that I just can't go  
I don't listen and move with my flow  
I don't listen and move with my flow
