WizTheMc

I wish you the best  
That you reach the goals you set  
I'm gon' leave 'cause I'm upset  
But you need to keep your head up  
'Cause  
I wish you the best  
That you reach the goals you set  
I'm gon' leave 'cause I'm upset  
But you need to keep your head up  
'Cause

Uh  
Guess I be done with the bullshit  
It's sounding like you try like bond with me now  
But its all gone  
No part of your problems  
No pardon, no causing no pain  
Don't be all up my face  
I just tried to explain why  
I had to go  
Really try to aim high  
Caught you smelling dope like a K9  
I'm just tryna figure out my own why  
Own why, ah ah ah

I wish you the best  
That you reach the goals you set  
I'm gon' leave 'cause I'm upset  
But you need to keep your head up  
'Cause  
I wish you the best  
That you reach the goals you set  
I'm gon' leave 'cause I'm upset  
But you need to keep your head up  
'Cause

Just had to wait  
A couple more days  
Got fucked up by haze  
I loved my escapes  
But I had to face  
Things that I never seen  
Thought shit was a joke  
Just like halloween  
Was battling things I was never in  
Blessings, sins  
My words gon' win  
Fuck up the world  
'Cause I wanna change the world I'm in  
Worked up, verse ready to be perfected  
These words my gym  
Mixing up the herb with wind  
Herb and gin  
Had a nigga turbulent  
Uh  
Had me turbulent  
Shit

Had me turbulent

I wish you the best  
That you reach the goals you set  
I'm gon' leave 'cause I'm upset  
But you need to keep your head up  
'Cause  
I wish you the best  
That you reach the goals you set  
I'm gon' leave 'cause I'm upset  
But you need to keep your head up  
'Cause
