When I Get Lonely

WizTheMc

Baby, don't you run away again
I don't want you to be scared to let me in
'Cause I know all you need, it's written all over your face
I make mistakes when I get lonely
How can I be there when I have never actually known me?

When the summer don't feel like the sunshine
All on my face, I'm my only friends, I can take a chance
Know it's there 'cause I never ask
Don't admit that I'm scared
I'm sick of feeling like there's someone else in my head
Don't change please, you can stay with me
I know pain ain't easy, and [?] everything
Some things take their time, and I got my whole life

Baby, don't you run away again
I don't want you to be scared to let me in
'Cause I know all you need, it's written all over your face
I make mistakes when I get lonely
How can I be there when I have never actually known me?

When I was young I knew exactly what to say
But lately losing touch with the reality I face
I got family in different places, so much love but barely patie
nce
For myself, I can't contain it
Need someone to tell me it's okay, that it's all good
I don't need to understand how it all goes
Can you tell me it's okay, that it's all good?
Can you tell me it's okay? Tell me it's okay

Baby, don't you run away again (Don't you run away again)
I don't want you to be scared to let me in
'Cause I know all you need, it's written all over your face
I make mistakes when I get lonely
How can I be there when I have never actually known me?
