

Working Out

WizTheMc

It's working out
Yeah its working out
Why are all these people talking
Don't have no doubts

It's working out
Yeah its working out
Why are all these people talking
Don't have no doubts

I have been rapping since I was 16
And nobody believe that this nigga just 17
And yeah my rap is indie
I'm a maker like walt disney
Sipping water it's that fiji
One more question
Is you witty?
You can do that
I did it cause I knew it
Believe me you can choose it
I mean who believed that a german nigga
Could do this
Yeah I'm moving
Yeah I'm moving
Would you like to go
Would you like to go?
Tell me
Which way you wanna go
Back then used to have an afro
I keep rapping 'till the feds know
Then I say come to the stage now
Then I scream fuck the popo
Everything's working out
Believe me
Everything's working out
It's gonna work out
It's gonna work out
Believe me it's gonna work out
People have no faith
And I bring it back
I used to look alot at you
Back then
But now's shit changing
It's different
Hop on to get W's
Durant

It's working out
Yeah its working out
Why are all these people talking
Don't have no doubts

It's working out
Yeah its working out
Why are all these people talking
Don't have no doubts

I don't need to go to the gym
To get the work out
I'm just living my life and
Letting it work out
I don't really like school
I like to rap
I never went to high school
Now its said
But back to my childhood passion
I really liked to film with cameras
Imagine
This kid could never see what's gonna
Happen
But now I'm older and I still don't know
What gonna happen
Don't be afraid of the end of the day
You always got time to say what you
Really loving ey
Believe it or nah
But the energy got me far
And it took alot of other people with me
Love y'all

It's working out
Yeah its working out
Why are all these people talking
Don't have no doubts

It's working out
Yeah its working out
Why are all these people talking
Don't have no doubts

It's working out
It's working out
Believe me daawg
It's working out
It's working out
