

You Said

And you said
I gotta leave either way
We can't make this a thing
We got places to be
And you said
I gotta leave either way
We can't make this a thing
We got places to be

Ever since the day I saw your face
I knew that something wasn't right
But I just went along
And took a chance
Thought maybe it's alright

Too bad
I done fell in love again
Every day thinking
That we might be more than friends

I had to accept the truth
And go
Way to attached
To you
I know
I gotta find my way alone
I gotta find my way

And you said
I gotta leave either way
We can't make this a thing
We got places to be
And you said
I gotta leave either way
We can't make this a thing
We got places to be

Everything new to me
Take a seat
Let me see
Where you be
Yah

Need AC
Need a beat
Take the lead
Take me please
Take me please
Yah
Check on me
Check on me
Check on me
Ask me if I'm doing good
I've been overseas
No one close to me
No one knows what's going on
But I'm good

I hope you doing great too
Yea
It's all news
This is all new to you

All new
All new
All new
All new
All new
All new
All new

And you said

And you said
I gotta leave either way
We can't make this a thing
We got places to be
And you said
I gotta leave either way
We can't make this a thing
We got places to be
