All night, I tossed and turned
My heart feels off
I'm starting to get snappy, oh
What do I do?
Should I pretend to be upset?
Should I pretend to be mad?
I'm the only one not knowing what to do
(No no no no)

Sometimes, you burn me up
Sometimes, you're lovable
You confuse me even more
(I don't know how you feel)
Then without fail
As if I'm bewitched by you
I get pushed and pulled around
(I really don't know)

It's so obvious, I've fallen for you
But it's not time yet

It's a secret
It's not time yet It's not
It's my hidden feelings
I still don't know you
Honestly, I'm afraid
I'm so scared
That you'll treat me however you want
So it makes me act strong

It's a secret
My heart goes ah
Like this, like that
You shake up my heart
It's so obvious
You can see it so clearly
So slowly come to me
This isn't right, my heart
It's a secret

I don't know anymore
Please tell me something
So I won't be nervous anymore
Hiding one's feelings
Pretending to not care
It's just too hard for me
My secret that I couldn't tell you
You make it grow deeper into my heart
Hold onto me so I won't burn up anymore
So there won't be any more secrets after today

Do you know how I feel?
In case you find out
I try to pretend I'm not into you
(Honestly, I'm afraid)
I wonder how you feel

Is it the same as me?
My timing keeps being off
(I can't say anything)

Something's wrong
I feel like I'll truly lose you

It's a secret
It's not time yet It's not
It's my hidden feelings
I still don't know you
Honestly, I'm afraid
I'm so scared
That you'll treat me however you want
So it makes me act strong

Actually, I wanna know you too
Though I pretend I don't care
(My heart isn't like that)
I don't know what to do
I'm acting like this without even knowing
Such an ambiguous thing

It's a secret
It's not time yet It's not
It's my hidden feelings
I still don't know you
Honestly, I'm afraid
I'm so scared
That you'll treat me however you want
So it makes me act strong

It's so obvious
You can see it so clearly
Stop burning
Me up like this
Now I wanna know your heart
I mean it
