

## Hell House

Woe, Is Me

Taking chances, I've got something to prove  
Hoping to build a life I'd hate to lose  
Clearly that was something you couldn't handle  
The definition of a bad example

Take a look, it's easy to see  
Though I bear your name, we are not the same  
There's rotten fruit on the family tree  
Try to make a way, learn from your mistakes  
The path you took, I won't follow  
I'm taking a stand to be a better man  
'Cause now I see you're just fucking hollow  
I've learned what not to do  
By simply watching you

You'll never know what it means to be a hero  
Be a hero

Taking chances, I've got something to prove  
Hoping to build a life I'd hate to lose  
Clearly that was something you couldn't handle  
The definition of a bad example

Snake oil salesman, you're just a fucking disease  
I guess you're too goddamn dense  
To see the forest for the trees  
Snake oil salesman, I know one thing's true  
I'll never sink so low, I'll never envy you

Or some shit like that
