

Odd Behavior

Woe, Is Me

I'm so sick of seeing you sweep this shit under the rug, under the rug
It's clear you're spineless and it's fucking priceless
How you're all so willing to look the other way
Make no mistake, there's no escape from the hell that you'll pay, that you'll pay
There's not a single doubt, you're all just chasing clout
For dirty money in your bank accounts

You just wanna be somebody
But won't hold out for something true
When they leave you empty handed
We won't be there to save you

This is not the way you wanna be remembered
Just a stepping stone in someone else's game
You really think you're safe?
You better think again cause all the others thought the same

Pretend you stand for equality
But you'll bend the rules for notoriety
The real ones know, the real ones see
You'll sink so low for opportunity
Every single one of you is in it for the revenue
Nevermind the fact that
We all know the evil shit you do
Get in where you fit in, just don't forget
We know your dirty secrets
Gotta do what you gotta do, I guess
Gotta keep it up, gotta stay relevant
The pride before the fall, I'm here to watch it all

You just wanna be somebody
But won't hold out for something true
When they leave you empty handed
We won't be there to save you

This is not the way you wanna be remembered
Just a stepping stone in someone else's game
You really think you're safe?
You better think again cause all the others thought the same

I'd have your mugshot framed inside my head
I always knew you'd be the one making friends with Judas
Scum of the earth
Life could be, life would be better without you
In the shadow of the grind, corners bleed
In the middle of your fall from grace
Ending
