

Destroy Me

Wolf Alice

Maybe I got big for my boots
But those who don't love me, well they really should
You can be boring too
Today is a Sunday, well isn't it to you?

Destroy me
While I wait
Sink your teeth into me
Then leave me

I think I've always feared change
Things can't get worse if they only stay the same, but
Something digs away in your pain
I guess we all have a part cause we all end up the same

Destroy me
While I wait
Sink your teeth into me
Then leave me

Tick tick tick
Yeah yeah yeah
Just like a bomb bomb bomb
We end up dead
Oh tick tick tick
Yeah yeah yeah
Just like a bomb bomb bomb
We end up dead
Oh tick tick tick
Yeah yeah yeah
Just like a bomb bomb bomb bomb
We end up dead
Should should should
Just like you said you could
Things aren't going far from where I'm stood

Don't go away...
