

# Heavenward

Wolf Alice

Your mum created you a small heaven  
I was there just an hour  
I could tell that you'd be leaving  
So cruelly beyond all our power

Go heavenward  
Like all Earth angels should  
Go heavenward  
Like all Earth angels should

I'm gonna celebrate you forever  
You taught us things we all should learn  
I'm gonna celebrate you forever  
And long to see you when it's my turn

Go heavenward  
Like all Earth angels should  
Go heavenward  
Like all Earth angels should

I see you dancing on, you dancing on
