

How Can I Make It OK?

Wolf Alice

A moment to change it all
Had life before been so slow?
Urgency takes hold
But to live in fear, isn't to live at all

So how can I make it OK?
I just want you to be happy
How can I make it OK?
I just want you to be happy
How can I make it OK?
Nothing else is as important as that to me
How can I make it OK?
Nothing else is as important as that to me
Oh, oh, oh

How do we sell you the world?
Let it in, embrace and uncurl
So fierce, so bold
Someone like you should not be left unsold

So how can I make it OK?
I just want you to be happy
How can I make it OK?
I just want you to be happy
How can I make it okay?
Nothing else is as important
As that to me
How can I make it okay?
Nothing else is as important
As that to me
Oh, okay
Okay

And now a moment to change it all
Had life before been so slow?
Urgency takes hold
But to live in fear, isn't to live at all

So how can I make it OK?
I just want you to be happy
How can I make it OK?
I just want you to be happy
How can I make it okay?
Nothing else is as important
As that to me
How can I make it okay?
Nothing else is as important
As this to me

Okay, oh
Okay
